Subject: Feedback for annual meeting

Sorry we won't be able to attend the annual meeting, please share these comments:

1. Since our unit gives us a direct view of the trash dumpsters, we are able to observe that much of the trash deposited there is not from short term renters, but from people who drive in the back entrance and put large quantities of bulky waste in the dumpsters including construction materials. This happens frequently.
2. We would like to again request a doggy bag station in the area behind our unit, on the edge of the meadow. We are witness to a steady stream of people who take their dogs there and do not pick up after themselves.
3. We do rent our unit out at times, but we screen our tenants personally and try to rent to families, not large groups of partiers. We do share the rules of the complex and emphasize the proper parking, and we get the license plate numbers of our renters. If any of our renters are observed behaving badly, we would love to be informed so we could address the issue.
4. It would be nice to have an individually designated kayak/paddle board storage space. First come first served doesn't really work if you take your kayak out and then have no place to store it when you need to leave. Even if there was a small charge annually for the storage that would be a good service.
5. Thank you to Juan and Omar for their hard work, keeping everything clean and nice, and they are always so friendly and helpful.

Ron Lopez and Patty Ferguson, Unit #123
