### Items

1. Pool gate closure and sign indicating that pool gate must be closed and locked. **ACTION:** New springs purchased and installed. **Issue:** Do we have signs indicating door must be closed at both doors of family pool? Karin states there are no signs at the quiet pool gates. Lauren: please check on this.
2. Fence posts of quiet pool: are they sufficient? **ACTION:** Lauren/Keith confirmed the posts are sturdy.
3. Hot tub: what is the limit on the number of people using it? Are nonresidents climbing over the fence and using the hot tub? If so, how do we stop this from happening? Do we need some sort of enclosure? **ACTION:** discussed with Lauren and/or Keith whether this is an issue and discuss possible solutions. This is still an issue, and the maintenance team is working on finding a solution.
4. Security for July 4<sup>th</sup> weekend: The board has approved security. **Issue:** recommend we publicize a phone number to contact security if there is an issue during July 4<sup>th</sup> weekend.
5. Pool signage: is there too much signage? What is legally required? Kathryn will forward old emails when the Committee last discussed this issue pre-Pandemic. **ACTION:** Lauren has taken pictures of signs. **Issue:** Karin states there are no warning signs at the quiet pool (only at the hot tub) and no signs at family pool that she can see. The sign at the hot tub indicating max number of people is faded and barely legible. Do we need to replace the signs since they are faded?
6. Are chairs/umbrellas/tables in good working order for the summer? **ACTION:** have Lauren/maintenance staff inspect them now for possible replacement/repair before Memorial Day weekend. **Issue:** Karin indicates furniture is "outdated." Do we need to replace?
7. Sauna: Karin reported that a neighbor advised her that it is not heating up hot enough. **ACTION:** Lauren/maintenance to inspect sauna to see if it is working. This is still pending.
8. Tennis courts: do they need resurfacing or repair before Memorial Day? **ACTION:** Tholl Fence repaired pickle ball court and tennis court fences on 5/15. However, Karin reports no work on fences has occurred but work on surface is occurring. Lauren-what is status of fence repair work?
9. Tennis balls reportedly get stuck behind wall. Can a board be added to the top to cover the gap between the board and chain wall? **ACTION:** Lauren/maintenance inspected, and this is part of the ADA project. Keith has been tasked with a solution.
10. Tennis courts: **Issue:** the Committee believes the tennis court surfaces should be washed/hosed down (not power washed) on a regular basis. Lauren and Team?
